

GREEN THUMB EDUCATION SERIES

The Green Thumb Education Series is held on the second and fourth Thursday of each month February through October. In November, December, and January, there is only one lecture. Scheduled presentations are subject to change. Visit the WSU Extension Clallam County website calendar for the latest information on upcoming presentations. For questions, call 360-565-2678.

School of Rock

Thu, April 11, 12–1 p.m.

Heronswood Garden Director, Dr. Ross Bayton, will speak on “School of Rock: Creating a Rock Garden at Heronswood” in-person at St Andrew’s Episcopal Church, 510 E Park Ave, Port Angeles. The talk will also be broadcast live via Zoom. [Find a direct link to the live presentation here.](#)

Flea Beetles

Thu, April 25, 12–1 p.m.

MG Program Coordinator Laurel Moulton will share management options for Flea Beetles at an in-person presentation at St Andrew’s Episcopal Church, 510 E Park Ave, in Port Angeles. The talk will also be broadcast live via Zoom. [Find a direct link to the live presentation here.](#)

DIGGING DEEPER SATURDAY SERIES

The Digging Deeper Saturday Series is held on select Saturdays throughout the growing season. Scheduled presentations are subject to change. Visit the WSU Extension Clallam County website calendar for the latest information on upcoming presentations. For questions, call 360-565-2678.

Pruning Basics on the North Olympic Peninsula

Sat, April 20 @ 10:30 a.m.–12 p.m.

Join Master Gardeners (pictured left to right) Keith Dekker, Tom Del Hotal, and Gordon Clark for this pruning workshop, which will be held in person at the Woodcock Demonstration Garden, 2711 Woodcock Rd, Sequim. Parking is limited, please consider carpooling, if possible.

Check out our webpages at extension.wsu.edu/clallam/mg

2nd Saturday Garden Walk at 5th Street

April 13 @ 10:00 a.m. - 11:30 a.m., rain or shine!

Starting April 13, 2024, and every second Saturday through September, Veteran Clallam County Master Gardeners will lead a fast-paced walk through the Port Angeles Fifth Street Community Garden to examine what is happening (or should be happening) in local vegetable gardens.

The walks have something of interest to people new to vegetable gardening, new to the Pacific Northwest, as well as more seasoned vegetable gardeners.

Come learn:

- What needs to be done in the vegetable garden each month
- What problems are likely to appear
- What integrated pest management (IPM) control measures exist for common pests and diseases.

Ask questions and get timely science-based advice.

The Fifth Street Community Garden is located at 328 E Fifth St at Peabody across from City Hall in Port Angeles.

Master Gardener volunteers tend plots in the southeast corner of the garden and the blueberry patch near the compost bins.

ONLINE RESOURCES

Find **Monthly Gardening Calendars** and a chart of **Recommended Planting Times and Vegetable Varieties for the North Olympic Peninsula** (based on experiences at Clallam County Master Gardener Demonstration Gardens) at: extension.wsu.edu/clallam/mg/resources/

WSU EXTENSION PUBLICATIONS

WSU Extension has a range of gardening publications to download for free. (Print copies cost for printing and shipping. Digital downloads are generally free.)

To up your game at home vegetable gardening, download: **Home Vegetable Gardening in Washington** at pubs.extension.wsu.edu/home-vegetable-gardening-in-washington-home-garden-series.

This publication has useful information for both the beginner and veteran gardener.
